Maine Blown Up from Outside.
Havana, Nov. 16.—A plate which formed a portion of the outer hull of the wrecked battleship Maine was found to have been blown inward. This strongly supports the theory that an external explosion sunk the craft in Havana harbor.

The place was found sixteen feet aft of the bow on the port side near the keel and under the magazines, the upper part being folded inward.

The engineer in charge and other officers are reticent.

One body was recovered Tuesday from the boiler room. It was that of an unusually tall man.

Beauty as a Privilege

Shakespeare said that beauty is but skin deep.

Of course William knew better.

But the fact remains that both beauty of body and mind manifest themselves through the skin.

Health reveals itself in the complexion. That semi-transparent quality of skin which tells of the ruddy flow of life is within the reach of every woman.

She whose face is a blotch of Gamboge, dashed with burnt umber, will be wooed and wed by Nobody.

The moral is plain: Use Rexall Disappearing Cream, Rexall Liquid Green Soap and Rexall Cream of Almonds.

You can't afford to experiment with your face.

Let us tell you about our line of elegant Toilet Articles, Violet Dulce Face Powder, Violet Dulce Toilet Water, Violet Dulce Talcum (flesh and white) and others.

ABOUT FREE DELIVERY

ROUTES OF CARRIERS, LOCATION OF LETTER BOXES AND OTHER INFORMATION FOR PATRONS.

Postmaster U. G. Winn, who has fought persistently and successfully for the establishment of free mail delivery for Ada, and who merits the praise of all who felt an interest in seeing the town thus placed on a real city basis, is still busy arranging the details of the service. A civil service examination will be held in the near future to select carriers, and then it will be up to the citizens to meet the requirements of the department, if they want the service. As fast as sidewalks are built and the demand justifies it, the service will be extended, for Mr. Winn is anxious to give the city the very best service it is entitled to.

All patrons along the designated carrier routes must provide boxes outside their residences or places of business, so that the carrier will not be delayed. A supply of boxes will be sent the postmaster and sold to those who want them at very low rates.

There will be sixteen letter boxes placed about the city at the following locations: Main and Oak, Main and Townsend, Main and Broadway, Main and Rennie, Main and Katy depot, 9th and Mississippi, 10th and Townsend, 14th and Townsend, 6th and Ash, 7th and Cherry, 13th and Cherry, 16th and Johnston, 15th and Stockton, 14th and Rennie, 12th and Broadway, 17th and Broadway.

The routes will be as follows:

Route 1: Begins at Broadway and Main. East on Main to Stonewall, north to 10th, east to Center, north to 8th, west to Katy railroad, south to 9th, west to Rennie, northwest to 8th and Broadway, west to Townsend.

STOVES SMITH'S 203-5 W. Main St.

north to 6th, west to Bluff, south to 7th, east to Stockton, south to Main, west to Oak, south to 12th, west to Ash, south to 13th, east to Stockton, north to Main, east to Broadway at place of beginning.

Route 2: Begins at Broadway and Main. East to Constant, south to 17th, west to Broadway, south to 18th, west to Townsend, south to 19th, return on Townsend to 18th, west to Johnston, north to 16th, west to Ash, north to 15th, east to Oak, north to 14th, east to Stockton, north to Main, east to point of beginning, Broadway and Main.

There will be three deliveries and collections per day. The first will begin at 7:55, the second at 1:30, and the third at 4:55. The first two will require about two and one-half hours, the third will be limited to the business section of the town.

Bees, 1910 and 1900.

The number of farms in the United States reporting bees decreased from 707,215 in 1900 to 590,297 in 1910 or 16.5 per cent, and the number of colonies of bees decreased from 4,108,239 to 3,444,520, or 16.2 per cent; whereas the value increased from \$10,178,000 to \$10,372,000, or 1.9 per cent. In 1910 only 9 farms in each 100 reported bees.

GOVERNOR McCREARY WAS SOME BUG CATCHER

Franklin, Tenn.—When the news of Hon. James B. McCreary's election by an overwhelming majority as governor of Kentucky reached here yesterday Judge H. H. Cook of this place was highly elated. They were comrades in arms in the Confederate army, and were fellow-prisoners in 1864 at Fort Pulaski. Judge Cook says their sufferings in prison from lack of proper food and clothing were terrible, that they had to eat corn meal that had been ground four years and was in a decayed condition. After reading the good news from Kentucky Judge Cook sent the following striking message to Gov.-elect McCreary: "Gov. James B. McCreary, Lexington, Ky.: In memory of the seventy-five worms and weevils picked by you from one quart of corn at Fort Pulaski, I congratulate you on your election."

BEATTIE MUST

PAY PENALTY

Richmond, Va., Nov. 15.—With the frank and emphatic statement that he believed absolutely in the prisoner's guilt, Governor Mann Wednesday declined to grant a respite to Henry Clay Beattie, Jr., convicted in Chesterfield county, September 8, of wife murder. The refusal of the governor to interfere with the sentence which the supreme court declared on Monday to be plainly right, means that Beattie will die in the electric chair at the state penitentiary on Friday, November 24.

Being aware that a final decision would be reached in his case Wednesday, Beattie, in the death cell waited expectantly for some word from the governor's office. His gray-haired father utterly broken in spirit and strength, who notified him on Monday that an appeal had been denied, was spared the ordeal of conveying a second message that all hope was lost.

Rev. Benjamin went quickly and quietly to the prison to inform him that every possible effort in his behalf had failed.

Beattie heard the announcement in silence though he was visibly affected. Later in the day his father and his brother and his sister called to see him.

Governor Mann gave out a statement in which he said Beattie's appeal was made with the "purpose, if possible, of avoiding the consequences of a crime of which he knows he is guilty."

The governor also stated that the so-called affidavit of Paul Beattie was not worthy of consideration as evidence.

VARDAMAN SAYS IT WILL BE CLARK OR WILSON

Fort Worth, Tex., Nov. 15.—United States Senator-Elect James K. Vardaman of Mississippi was in the city a short time this morning between trains. He has just completed a lecture tour in this state and went from here to Frederick, Ok. While here he met his old friend and former pastor, Rev. S. L. Rieves, who once lived at Greenwood, Miss., which is Gov. Vardaman's home town. He said that in his opinion either Woodrow Wilson

OKLAHOMA'S BIRTHDAY.

Had you thought about it? This is the fourth birthday of the lusty young state of Oklahoma. All who were here four years ago will remember the general rejoicing with which the new state was ushered into the union, happy that at last the long fight had terminated in a victory for the people who had for years fought against heavy odds. It was indeed the dawning of a new era, and the progress made in all parts of the state has well justified the fondest anticipations of the most sanguine optimist. Like Minerva of old, Oklahoma sprang into existence full grown, and the part played in the affairs of the nation since then shows well she was equipped for the struggle.

However, the march of progress is just beginning. Oklahoma is destined to play a still greater part in the history of the country. Nature was lavish with her gifts to Oklahoma, she has the resources of an empire and the next era of her history must be one of development. Oklahomans must conserve their resources, learn to live more at home without sending their money abroad for things that can be produced here, and above all prove their loyalty to home enterprises and home business men. Upon this depends the future greatness of the state, and every man can help.

It occurs to us that it would not be a bad idea to so modify the banking and currency laws that we might have currency based on something other than the bonds of the national government. Of late years there is no talk what ever of making an effort to pay the outstanding bonded indebtedness of the government, and will not be as long as banks must have bonds as a basis for their notes. If some other safe basis can be found the national government can once more begin taking up the debt and finally wipe it out. Why should it hang over the nation perpetually and eat up millions of the people's money in interest charges?

False Alarm of Fire.

About 3:30 this afternoon some one turned in an alarm of fire, giving the location as 6th street, Capitol Hill addition. The fire company responded promptly, but it was found that nothing worse than some grass was on fire.

Democratic Prospects for 1912.

Counting Arizona and New Mexico there will be 531 votes in the electoral college which will elect the president of the United States in 1912. According to the usual method of figuring, it is safe to count as surely democratic the following states: Alabama 12, Arkansas 9, Florida 6, Georgia 14,

Kentucky 13, Louisiana 10, Maryland 8, Mississippi 10, Missouri 18, North Carolina 12, Oklahoma 10, South Carolina 9, Tennessee 12, Texas 20, Virginia 12, Total 175.

States that have strong democratic leaning and may be reasonably depended on are: Colorado 6, Arizona 3, New Mexico 3, total 12. This gives a total democratic strength of 187, leaving 79 to be obtained from the doubtful states.

Leaving out all other states that went democratic in 1910 we find three states which will give the democratic candidates the necessary votes. They are New York 45, Ohio 24, Indiana 15, Total 84. Grand total 271.

Under the new apportionment it will require 266 electoral votes to elect so these figures show a safe majority.

Suppose on the other hand, the democratic party should decide to make its fight for the west. It would be necessary to carry Wisconsin 13, Iowa 13, Kansas 10, Nebraska 8, California 13, Montana 4, North Dakota 5, South Dakota 5, Oregon 5, Wyoming 3, total 79.

With the exception of South Dakota all these have republican gov-

HOME CURE FOR RHEUMATISM

Do not waste time nor take chances of becoming a cripple or helpless sufferer from Rheumatism by trying to cure the disease with external applications alone. Such treatment sometimes gives relief from the severe pain, or may reduce the inflammation of a swollen joint or muscle, but the effect cannot be more than temporary. Each day the cause is allowed to remain in the system, Rheumatism gets a firmer hold on its victim. Purify your blood of the inflammatory uric acid and then you will cure the disease permanently. The system will respond more quickly and surely to S. S. S. than any other treatment. This great blood purifier possesses the penetrating qualities necessary to drive out every trace of urate matter from the circulation and build the blood up to a nourishing and healthful condition. Only pure blood can overcome Rheumatism. Thousands have cured themselves of Rheumatism by using S. S. S., a medicine made entirely of roots, herbs and barks; no harmful mineral enters into its composition, and S. S. S. is therefore safe for any one to use. Book on Rheumatism and medical advice free. THE FUNNIEST CHARACTER ON THE AMERICAN STAGE

Ed Scowenhoven, the Yankee Farmer, is one of the characters that John Thompson represents in his entertainment "The Funny Fellows of New York."

If a person were afflicted with the rheumatism, gout and neuralgia, they would have to forget their pains and laugh at this character. As soon as "Eb" makes his appearance, he tells the audience that he has lost his cow has been kicked by a mule and a few other misfortunes that have happened to him. After awhile he sees the piano and has something to say about it. No one being present to play it, he decides to play it himself; so, after singing a comic song, he amuses himself by playing "Turkey in the Straw" in rag time. The playing of this tune has such an effect on him that he cannot resist the temptation to dance, although he weighs nearly 300 pounds. While dancing, his legs begin to get short; the audience notice this and begin to laugh; the longer he dances the shorter his legs become, and the shorter his legs become the louder the audience laugh, and as his legs are becoming shorter every minute the laughter grows louder, and finally, when his legs become so short that they disappear altogether, then the laughter turns to howling, and when the audience are all howling together they make such a noise that sometimes they can be heard outside of the theatre for a quarter of a mile.

Mr. Thompson will appear at the opera house for two nights Friday and Saturday, Nov. 17 and 18. The admission is 10 and 20 cents. Reserved seat tickets are on sale at Mad-Ox Drug store.

S. & A. GREAT SPECIAL FEATURE.

Saved From the Torrents

The story told in this great picture is founded on facts, and was staged and produced at the place of its actual occurrence. The dramatic incidents leading to its final climax are clearly told, and are of more than ordinary interest. A young station agent is in his office chatting with his sweetheart. He receives a wire that a bridge over a mountain stream is about to be swept away by the raging floods. Knowing that the limited express, with hundreds of lives aboard, was fast approaching the doomed bridge, stunned for a moment with thoughts of the awful consequences, his mind wavered, but, cheered up by the brave girl, he seizes a hand-car, and, accompanied by her and in the darkness of the night, makes a thrilling race over the tottering structure at the brink of the torrent, just before the bridge goes down. Today that noble hero and heroine, who risked their lives to save the lives of others, are happily mated and live in a mansion given them by the railroad corporation.

And something worse if you get hold of bad coal. It is certainly exasperating to be imposed upon. An oath is almost justifiable under such circumstances. But a much more sensible way would be to trade with a reliable concern and then you could always depend upon getting just what you pay for. Some people, even some coal dealers, do not know the difference between coal weight and coal value. You buy Heat from us.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

CHILD CAME

NEAR DROWNING

Yesterday morning the eighteen-months-old son of Rev. and Mrs. Le-roy Anderson had a narrow escape from drowning in a tub of water on the back porch of the Anderson home. The little fellow tumbled in when no one was at hand and by the time his mother reached him, was almost past rescue. However he was soon brought around by the methods employed, and is little worse for his experience.

Notes From the Labor World.

North Carolina has 125,000 cotton mill operatives.

The cotton industry of England employs many more women than men.

In 1898 the total number of railroad employees in this country was \$74,568. Last year the total was 1,451,000.

The Milwaukee Merchants and Manufacturers' association is to establish a permanent free employment bureau.

Langston Is Fighting.

J. Luther Langston has mailed letters to the 169 locals of the state federation of labor throughout the state urging them to withhold the payment of dues and alleging that the charges against him are untrue. In the same letter he appeals to the locals to not vote on the proposition to sustain or reject the action of the executive committee in ousting him office.

The Majestic theatre is still right up to the standard when it comes to good shows. The program of this evening embraces a dramatic and thrilling picture entitled: "Saved from the Torrents." It shows a great race against death by a station agent and his sweetheart, who arrive at the tottering bridge just in time to save an approaching train, all unconscious of its danger. Another feature that gives variety to the show, will be the appearance of the La Box Comedy Co. in their farce, "The Man That Looks Like Me." This will be the last night here for this popular company.

**The Great Public
Pulse Says:
CALUMET**

It says "Calumet" — For the critical housewives of America have found that Calumet Baking Powder makes the most appetizing, light, wholesome food — that Calumet is the most economical and dependable of all Baking Powders.

If you, too, Mrs. Housewife, want to learn what Calumet means to you, bake with it just one batch of biscuits. If you don't find it unlike any other — so much greater in leavening power — in uniformity — in purity — return it, and get your money back.

That's all we ask — and think what it means to you to always be sure that each time you bake you will have the most tempting biscuits, pastry, etc. Think of it — the highest quality Baking Powder at a moderate price — the most economical in use. Cheap big can kinds give you quantity, but not quality. High-priced trust brands mean extravagance. For no Baking Powder can be equal in quality to Calumet. Was not that proven when it received the Highest Award at World's Pure Food Exposition?

Don't be deceived — ask for Calumet — and get it.

**GRANDMOTHERS
USED SAGE TEA**

To Darken the Hair and Restore Gray
and Faded Hair to Its Nat-
ural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and hair restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at 50c a bottle, and is recommended and sold by all druggists.

R. F. Smith has already moved his sign to his new quarters in the Hays-Carney block, and says that on Monday he will begin the big job of moving his stock of furniture.

PUBLIC SCHOOL NOTES.

The enrollment of pupils in the public schools is growing at the rate of about 100 per month. The total enrollment of pupils to date is 1030. A number of pupils entered this week as a result of the work of truant officer, Chas. Groves. The crowded condition of some of the grades at the High school is becoming serious and will receive consideration at the hands of the Board of Education in the near future.

The city teachers will meet with the County Teachers' Association December 2nd. At the last monthly meeting of the city teachers every teacher of the public schools was present including one supplementary teacher and quite an enthusiastic and helpful meeting was the result.

In order to systematize and stimulate pure and wholesome play among the children a public school athletical association is being organized with the principals of the schools as directors. A series of games and sports of approved character will be arranged for between three public schools and possibly we will have a field meet in the spring. All pupils representing their school in these games must first make satisfactory grades.

We are glad to note that the Pa-

trons' Club of the South Side are making an effort to secure a piano for the building. This is very commendable on their part and shows the interest these ladies have in our schools. They have our co-operation in this worthy attempt. The Patrons' Clubs at all of the buildings are very helpful in many ways.

Mr. Franklin Pierce Jolly, the Jolly Man of Joliet, will give his famous lecture "The Jolly Side of Life," under the auspices of the public schools sometime about the 10th of January. Mr. Jolly will be with us two nights, the second night he will give an impersonation of the passion play.

The proceeds of these entertainments go to the library fund of the public school and we hope to have a full house. T. W. ROBISON.

M. B. Donaghey Wins Suit.

The suit in district court of Leeper Bros. Lumber Co. against M. B. Donaghey growing out of a final settlement for material used in building the Donaghey hotel at Allen, ended in a complete victory for Mr. Donaghey. The case was tried once before but the jury disagreed.

F. H. Weidman, who for the past three years has held the position of operator for the Western Union, has been promoted to a better office at Sapulpa, and will leave this after-

noon or tonight for his new place. He is not only a faithful employee of the company, but by his accommodating and genial ways has won a host of friends who regret to see him leave Ada. He will be succeeded by Miss Reynolds, who for a few weeks past has been the day operator at the Frisco depot.

Notice of Patrons' Club Meeting.
